THE ANNUAL CAMPUS SAFETY AND SECURITY REPORT

Maestro College (Main Campus) encourages all students and employees to be completely aware of the safety and security issues on the campus. In addition, the college expects that students and employees will take action to prevent security issues and to report any illegal and inappropriate activities. Maestro College firmly believes that personal safety practices are the foundation of a safe campus community.

Pursuant to the Jeanne Clery Campus Safety Act (Clery Act), as amended by the Violence Against Women Act and the Stop Campus Hazing Act, Maestro College prepares this annual report and collects reportable crime statistics for its Clery geography. The 2026 report includes calendar years 2023, 2024, and 2025, with 2025 hazing statistics included under the applicable phase-in. The College distributes the report, or an individual notice of its electronic availability, to enrolled students and current employees by October 1 each year. Prospective students and prospective employees are notified of its availability, and a free paper copy is available upon request.

Maestro College has no authority to require any local law enforcement agency in any state in which the college maintains campuses and campus facilities or the judicial court process to take any action in connection with a reported crime. Maestro College encourages prosecution of all criminal violations through the criminal courts and, if appropriate, the college student conduct process for violations committed on campus by other students.

Maestro College maintains policies addressing campus safety, alcohol and illegal drugs, sexual harassment, student and employee conduct, and emergency response. The College reviews these policies and communicates material changes through its established notification procedures. This report describes current institutional policies; it does not replace applicable procedures in the College catalog, employee handbook, or adopted Title IX grievance policy.

Maestro College, or an officer, employee, or agent of the institution, may not retaliate, intimidate, threaten, coerce, or otherwise discriminate against any individual for exercising their rights or responsibilities under any provision of this report.

Federal Bureau of Investigation's (FBI) Uniform Crime Reporting (UCR) program. A nationwide, cooperative statistical effort in which city, university and college, county, State, Tribal, and federal law enforcement agencies voluntarily report data on crimes brought to their attention. The UCR program also serves as the basis for the definitions of crimes in Appendix A to this subpart and the requirements for classifying crimes in this subpart.

Hate crime. A crime reported to local police agencies or to a campus security authority that manifests evidence that the victim was intentionally selected because of the perpetrator's bias against the victim. For the purposes of this section, the categories of bias include the victim's actual or perceived race, religion, gender, gender identity, sexual orientation, ethnicity, national origin, and disability.

Hazing. For federal statistics, intentional, knowing, or reckless conduct against another person in connection with initiation, affiliation, or continued membership in a student organization that causes or creates a risk of physical or psychological injury above the reasonable risk of ordinary participation. Willing participation does not excuse the conduct. The statutory student organization definition includes groups with at least two enrolled student members, whether recognized or unrecognized.

1. MAESTRO COLLEGE POLICIES REGARDING PROCEDURES FOR STUDENTS AND OTHERS TO REPORT CRIMINAL ACTIONS OR OTHER EMERGENCIES OCCURRING ON CAMPUS

A. Policies for making timely warning reports to members of the campus community regarding the occurrence of Clery Act crimes.

The College will issue a timely warning when a reported Clery crime within its Clery geography presents a serious or continuing threat to students or employees. The Campus President or responsible designee evaluates the nature of the crime, continuing danger, available information, and relevant circumstances without waiting for an arrest or completed investigation. Warnings provide useful safety information and withhold victim-identifying information. College email and other available campus communication methods are used to reach the campus community; bulletin board notices may supplement these communications. Timely warnings are distinct from the emergency notifications described in Section 12.

B. Policies for preparing the annual disclosure of crime statistics

Maestro College prepares annual statistics from reports to campus security authorities and appropriate law enforcement agencies. The Campus President or designated administrator collects and reviews information, removes duplicate reports, and verifies offense classifications, reporting years, and Clery geography. Reportable categories include murder/non-negligent manslaughter; manslaughter by negligence; rape; fondling; incest; statutory rape; robbery; aggravated assault; burglary; motor vehicle theft; arson; hate crimes and their bias categories; domestic violence; dating violence; stalking; applicable weapons, drug abuse, and liquor law arrests and disciplinary referrals; unfounded crimes; and hazing under the applicable reporting phase-in. A conviction, arrest, or disciplinary finding is not required to include a reportable crime. Survey submission follows the Department of Education's announced collection deadline; annual report distribution by October 1 is a separate requirement.

Public property includes only qualifying public streets, sidewalks, thoroughfares, and public parking facilities within or immediately adjacent to and accessible from campus. A broad police search area or a privately owned site open to the public does not establish Clery public property. The College verifies its controlled suite and qualifying shared spaces, noncampus property if any, and adjacent public property for each reporting year. Only law enforcement may formally unfound a crime as false or baseless; nonprosecution or insufficient evidence alone does not make a crime unfounded.

C. List of titles of each person or organization to whom students and employees should report Clery Act crimes for the purpose of making timely warning reports and the annual statistical disclosure.

Everyone on campus (including students, faculty, staff and visitors) is encouraged to report immediately any crime or potential criminal activity to the local police department (911) that serves the campus location where the crime occurred and to the campus management. Individuals reporting to Maestro College who also wish to file a complaint with the local police department will be provided with assistance from Maestro College personnel upon request. The management team of the campus should be the primary personnel that are contacted. The management team of the main campus consists of the following: Campus President (Campus Security Authority), Director of Admissions, Director of Financial Aid, Director of Education or Lead Instructor, and the Director of Career Services. These personnel will serve as the college's liaison with all appropriate law enforcement agencies.

Reports may be made to the Campus President at (214) 777-6433 or through another designated campus management office. Reports concerning the primary recipient may be made to an alternate senior administrator or the designated Title IX Coordinator. [Identify the alternate reporting contact and current reporting email or online route.]

D. Institutional policies or procedures for victims or witnesses to report crimes on a voluntary, confidential basis for inclusion in the annual security report

1. Crimes and emergencies should be reported promptly to campus management identified in Section 1.C. Call 911 for an emergency or crime in progress. College personnel assist individuals who request help contacting police. Reports of sexual assault, domestic violence, dating violence, and stalking are not automatically forwarded to police solely because a victim reports to the College; the College explains reporting choices and applicable legal reporting obligations. Institutional response and statistical reporting are separate from a criminal investigation.
2. If you are a victim of a crime or witness a crime:
 - a. Call the campus management for the campus on which the criminal activity occurred or the local police department (dial 911) for any emergency including medical assistance, fires, suspicious people or activities, crime reports, traffic accidents, or other illegal activities;
 - b. Obtain a description of the offender(s), including sex, age, race, hair, clothing and other distinguishable features. Attempt to obtain a description and license number of any vehicle involved. Note the direction taken by offenders or vehicles and report those to campus security or the police; and
 - c. Preserve evidence when safe to do so. Do not disturb items involved in the incident. Move to safety and allow campus management or emergency responders to secure the scene; do not place yourself at risk to protect evidence.
3. Campus management accepts third-party and anonymous crime reports. Limited information may affect investigation or individualized assistance but does not automatically prevent statistical inclusion.
4. Employees must follow applicable College reporting policies and Texas legal reporting requirements. Campus security authorities include designated crime-reporting recipients and officials with significant responsibility for student and campus activities. These officials promptly forward available information to the Campus President or designated administrator; they do not require proof, determine whether prosecution is warranted, or conduct a criminal investigation. Qualified pastoral and professional counselors are exempt from Clery reporting only while acting within the scope of their counseling roles. The College assesses reports independently for statistical classification and institutional response.
5. All persons in the Maestro College community are encouraged to assist anyone in reporting alleged criminal activity by contacting the campus management at the campus where the criminal activity occurred and/or the local police department, as well as providing assistance in making the incident report.
6. Employees and designated campus security authorities are responsible for fulfilling applicable reporting duties. Students and victims are encouraged to report promptly. A victim is not subject to discipline under this report solely for delaying a crime report.
7. Individuals may report voluntarily and request privacy for inclusion in annual statistics. Campus management is not a confidential counseling service and cannot guarantee absolute confidentiality. Identifying information is limited to those who need it for safety, response, investigation, or legal compliance. The College explains applicable reporting obligations and considers privacy requests while meeting its safety and legal responsibilities.
8. Maestro College personnel will assist the complainant in completing any criminal reports. College employees and students, who are not members of the campus management, are encouraged to assist anyone reporting alleged criminal activity in contacting the campus management and/or the local police department in order to file a criminal report.

E. Reporting of Sexual Offenses and Harassment

1. Policy

Maestro College is committed to a policy of nondiscrimination in employment and education opportunity. No person shall be discriminated against in the terms and conditions of employment, personnel practices, or access to and participation in education programs, services, and activities with regard to race, sex, color, creed, religion, age, national origin, disability, marital status, status with regard to public assistance, or sexual orientation or membership or activity in a local commission as defined by state and federal law, as applicable.

Harassment of an individual or group on the basis of race, sex, color, creed, religion, age, national origin, disability, marital status, status with regard to public assistance, or sexual orientation, or membership or activity in a local commission has no place in a learning or work environment and is prohibited. Sexual violence has no place in a learning or work environment. Further, Maestro College shall work to eliminate violence in all forms. Physical contact by college staff members may be appropriate if necessary, to avoid physical harm to persons or property.

This policy is directed at verbal and physical conduct that constitutes discrimination/ harassment under applicable state and federal law and is not directed at the content of speech. In cases in which verbal statements and other forms of expression are involved, Maestro College will give due consideration to an individual's constitutionally protected right to free speech and academic freedom.

In support of the college policy, Maestro College reaffirms its policy that sexual harassment, including violence, abuse and harassment will not be tolerated. Every effort will be made to ensure that all members of the college community are provided an atmosphere free from sexual harassment. To prevent sexual offenses and harassment, educational efforts will be undertaken to inform employees and students of their responsibilities regarding such behavior, how to identify and eliminate sexual harassment, and what steps can be taken if instances of sexual harassment are experienced.

2. Procedure

Contact campus management identified in Section 1.C. to report an incident, or call 911 for an emergency. Seek medical care promptly following a sexual assault, regardless of whether you intend to notify police or the College. Preserve relevant clothing, messages, photographs, recordings, and other evidence when feasible. A healthcare provider or advocate can explain forensic examination options. Washing, changing clothing, or the passage of time does not eliminate the ability to obtain medical care or make a report.

The College protects victim-identifying information in publicly available statistical records, timely warnings, and emergency notifications. Reports are evaluated for appropriate response and safety measures. Information may need to be shared with officials responsible for response, investigation, or legal compliance, and the College cannot promise absolute anonymity. The College explains these limitations and considers requests for privacy.

Campus management maintains the institutional record of reported sexual misconduct and coordinates response with the designated Title IX Coordinator when applicable. A victim may notify police, ask the College for assistance doing so, or decline police involvement, subject to applicable legal reporting duties. Anonymous or third-party reports may limit investigation but will still be assessed for safety response and statistical inclusion.

If you are the victim of a sexual assault, Maestro College encourages you to contact one or more of the following: the appropriate local police department, the local Maestro College campus management, local crisis counseling centers, local health services clinics, women's resource centers or the local hospital.

The following is a list of some local resources available:

When a reported sexual assault within Clery geography presents a serious or continuing threat, the Campus President or responsible designee evaluates and issues a timely warning under Section 1.A. A warning may include the location, date, time, and relevant safety information, but will not disclose information identifying the victim. The College uses communication methods reasonably likely to reach the campus community.

Reports are evaluated using the applicable federal crime classifications for Clery reporting and the adopted College procedures for institutional response. Criminal investigations and charging decisions are the responsibility of law enforcement. The College may respond to a reported incident without a criminal conviction or police finding and will protect the rights of all parties under its applicable procedures.

A report may lead to supportive measures, an institutional investigation, or a disciplinary proceeding under the applicable policy. Formal complaint requirements and any action initiated by the College are governed by the adopted Title IX or conduct procedures. A police report or formal disciplinary complaint is not required to request reasonably available assistance or protective measures.

2. CURRENT POLICIES CONCERNING SECURITY OF AND ACCESS TO CAMPUS FACILITIES AND CONSIDERATIONS USED IN MAINTAINING CAMPUS FACILITIES

Maestro College is located on the 2nd floor of a professional office building. Entrance to the professional building is monitored by the owner of the building. Upon entry to the Maestro College Campus, school personnel monitor whether the entrant is a student, employee, or expected visitor to the campus. All visitors are required to sign in and be escorted by school personnel while on campus. Unauthorized visitors will be considered as ‘trespassing’ and asked to leave the premises. Maestro College does not have non-campus facilities or student housing.

2. Building evacuation is mandatory for all fire alarms.

The College coordinates safety concerns with building management and appropriate law enforcement. Building security services and their enforcement authority are separate from College administrative responsibilities. [Confirm current building security arrangements, jurisdiction, arrest authority if any, and contact number.]

1. Maestro College is committed to working closely with local police departments, sheriff's departments and state and federal law enforcement agencies to track and respond to campus criminal activity.
2. Maestro College does not have any written agreement with local law enforcement agencies.

C. Policies to encourage accurate and prompt reporting of all crimes to the campus police and the appropriate police agencies when the victim of a crime elects to, or is unable to, make such a report.

1. Students and employees are strongly encouraged to report all crimes immediately. All criminal activity on the Maestro College campus should be reported to the campus management on the campus where the activity took place and/or the appropriate local police department (911).
2. Maestro College personnel will assist the complainant in completing any criminal reports to law enforcement upon request or in the case where the victim is unable to make such a report.
3. Maestro College will accept third party reports in most cases (e.g., sex offenses). However, the college prefers to receive reports from the victim as the detail is often more accurate when received directly from the victim.
4. Victims and witnesses to crimes should attempt to maintain all physical evidence. Do not wash or destroy what may be critical evidence.
5. Victims and witnesses should report as much detail as possible to ensure accurate reporting. If you are a victim of a crime, your immediate recall of the event is often the best. Write down as much information as you can remember after a crime. If you cannot identify the perpetrator by name, try to recall as many details as possible, including gender; approximate age; height; weight/build; description of face including eye color, hair color; hair styles (short, curly, etc.); dress/clothing; facial hair; glasses; distinguishing marks including scars; distinguishing gait; and voice.

Students and employees are encouraged to be aware of their surroundings and report safety concerns. The College remains responsible for its safety procedures, and a victim is not responsible for another person's criminal conduct.
2. Do not prop open locked interior building doors at the Maestro College campus. These doors are locked for your protection and the protection of others.

B. Protect Your Property

B. Maestro College prohibits the crimes of dating violence, domestic violence, sexual assault, and stalking, as those terms are defined in this report and further defined for this jurisdiction below.

C. The following summarizes relevant Texas jurisdictional definitions. Federal Clery definitions govern statistical classification. The full current Texas statutes control criminal-law questions and may include additional provisions or exceptions not summarized here.

1. DATING VIOLENCE. (per TX Statutes, Family Code, Title 4, Ch. 71. Definitions, 71.0021)

(a) "Dating violence" means an act, other than a defensive measure to protect oneself, by an actor that:

(1) is committed against a victim or applicant for a protective order:

(A) with whom the actor has or has had a dating relationship; or

(B) because of the victim's or applicant's marriage to or dating relationship with an individual with whom the actor is or has been in a dating relationship or marriage; and

(2) is intended to result in physical harm, bodily injury, assault, or sexual assault or that is a threat that reasonably places the victim or applicant in fear of imminent physical harm, bodily injury, assault, or sexual assault.

(b) For purposes of this title, "dating relationship" means a relationship between individuals who have or have had a continuing relationship of a romantic or intimate nature. The existence of such a relationship shall be determined based on consideration of:

(1) the length of the relationship;

(2) the nature of the relationship; and

(3) the frequency and type of interaction between the persons involved in the relationship.

(c) A casual acquaintanceship or ordinary fraternization in a business or social context does not constitute a "dating relationship" under Subsection (b).

2. DOMESTIC VIOLENCE. ("Family Violence" per TX Statutes, Family Code, Title 4, Ch. 71. Definitions, 71.004)

FAMILY VIOLENCE. "Family violence" means:

(1) an act by a member of a family or household against another member of the family or household that is intended to result in physical harm, bodily injury, assault, or sexual assault or that is a threat that reasonably places the member in fear of imminent physical harm, bodily injury, assault, or sexual assault, but does not include defensive measures to protect oneself;

(2) abuse, as that term is defined by Sections 261.001(1)(C), (E), (G), (H), (I), (J), (K), and (M), by a member of a family or household toward a child of the family or household; or

(3) dating violence, as that term is defined by Section 71.0021.

3. SEXUAL ASSAULT AND CONSENT. Texas Penal Code §§22.011 and 22.021.

Texas law prohibits specified sexual penetration or contact without consent and separately criminalizes specified sexual acts involving children. Circumstances in which consent is absent include force, threats, coercion, unconsciousness, inability to resist, specified incapacity, lack of awareness, deliberately induced impairment, and certain forms of exploitation or abuse of authority. These are a summary of the statutory provisions, not an exhaustive list. Consent and any criminal-law exceptions are determined under the applicable current statutory text.

College consent standard: [Insert the College's adopted consent and incapacitation definition, consistent with its applicable conduct and Title IX policies]. The College's prevention education explains the Texas meaning of consent. A previous relationship or prior sexual activity does not establish consent to a later act.

4. STALKING. Texas Penal Code §42.072.

Texas stalking law addresses repeated conduct directed specifically at another person under a continuing scheme or course of conduct, including qualifying harassment or threats of injury, death, or harm to property, when the statutory effects on the affected person and reasonable-person test are met. The statute addresses threats affecting family, household members, and dating partners as well as the person targeted. The federal Clery definition of stalking appears in the definitions section of this report and governs federal statistical reporting.

D. Procedures victims should follow if a crime of dating violence, domestic violence, sexual assault, or stalking has occurred.

1. Contact campus management identified in Section 1.C., or call 911 for an emergency. Victims may exercise the following law enforcement options, subject to applicable legal reporting duties:

a. Notifying local police (911);

b. Requesting assistance from campus authorities to help notify law enforcement if the victim so chooses;

c. Decline to notify such authorities;

2. Seek medical attention promptly and preserve evidence when feasible. Relevant evidence may include clothing, messages, photographs, call logs, recordings, and other material. Ask a healthcare provider or advocate about forensic examination options. Evidence may assist in establishing an offense or obtaining a protective order. Medical care and reporting remain available even if evidence has been altered or time has passed.
3. The College coordinates reasonably available campus measures in response to court-issued protective orders and institutional no-contact directives. Individuals should provide campus management with relevant orders so appropriate arrangements can be considered. College directives are distinct from court orders; police enforcement of court orders is performed by authorized law enforcement.

E. The College protects victim privacy while meeting safety, response, investigation, and legal obligations. Reports are assessed for appropriate institutional action. Victims should be aware that:

1. The College limits identifying information to persons with a need to know and explains applicable privacy limitations. Safety warnings may describe an incident without identifying the victim. Confidentiality of accommodations and protective measures is maintained to the extent that it does not impair their implementation.

2. The college is required to complete publicly available records including Clery Act reporting and disclosures but will do so without providing personally identifying information about the victim including but not limited to identity, address, or other personal information of the victim.

F. Bystander Intervention is encouraged at Maestro College. Intervening as a bystander involves recognizing a harmful situation or potentially harmful situation and having the ability to intervene to prevent or reduce the risk of harm in the instance of dating violence, domestic violence, sexual assault, or stalking. Bystander Intervention may include actions such as speaking out and/or reporting to campus authorities about information you know regarding an alleged instance of dating violence, domestic violence, sexual assault, or stalking; stepping-in, disrupting, or calling for help to stop these situations; supporting others by escorting or offering assistance to potential victims; remaining present when a perpetrator is around to lessen the likelihood that something will occur. When witnessing a harmful or potentially harmful situation, it is important to keep the following in mind to reduce the risk of criminal activity involving dating violence, domestic violence, sexual assault, or stalking:

1. Pay attention to what is going on.
2. Interpret the situation to determine if there is an issue.
3. Take responsibility to assist or call for help. Don't assume others will.
4. Know what action you can take to help that won't put you in harm's way.
5. Take Action.

G. When a student or employee reports sexual assault, domestic violence, dating violence, or stalking, the College provides written information about available counseling, health, mental health, advocacy, legal, visa and immigration, financial aid, and other services within the institution and community. Individuals may also request resource information from the Campus President or designated administrator. The College does not itself provide every listed service and assists with external referrals as appropriate.

H. Maestro College provides written information to students and employees about available academic, living, transportation, and working adjustments and other protective measures and how to request them. The College provides reasonably available assistance when requested, regardless of whether the person chooses to notify law enforcement. A police report or formal disciplinary complaint is not required to request assistance. Contact the Campus President or designated administrator. The College does not operate student housing but may assist with external resource referrals.

I. Whether an offense occurs on or off campus, Maestro College provides a student or employee reporting victimization with a written explanation of rights and options concerning sexual assault, domestic violence, dating violence, or stalking.

11. POLICY ON DISCLOSURE PROCEDURES FOR DISCIPLINARY PROCEEDINGS FOR CRIMES OF VIOLENCE OR NONFORCIBLE SEX OFFENSES AND FOR INSTITUTIONAL PROCEEDINGS INVOLVING DOMESTIC VIOLENCE, DATING VIOLENCE, SEXUAL ASSAULT, OR STALKING

A. The Maestro College disciplinary process addresses alleged student or employee misconduct under the applicable conduct, employment, or Title IX policy. Reports may be submitted to campus management identified in Section 1.C. Victim reporting options are described in Section 10.D. The designated administrator assesses the allegation, applicable procedure, and immediate assistance needs. Criminal investigations and institutional proceedings are separate. A formal complaint requirement under an applicable grievance procedure does not prevent reasonably available supportive assistance.

B. Proceedings are conducted by officials trained annually on domestic violence, dating violence, sexual assault, stalking, and investigations and hearings that protect safety and promote accountability. Officials must not have a conflict of interest or bias for or against either party. Where Title IX procedures apply, the adopted grievance policy controls required notice, evidence review, hearings, questioning, independent decision-making, and appeals. Title IX Coordinator: [Insert current name or title, office address, telephone, and email].

C. The school representative will discuss the allegation with the complainant and the actions the complainant is seeking in response to the complaint.

D. The accused will be given adequate notice of and the opportunity to respond to the allegations in the complaint.

E. The investigator reviews relevant allegations, evidence, and witnesses under the applicable procedure. Credibility is assessed objectively and not based solely on a person's status as complainant, respondent, or witness. The standard of evidence is [insert the College's adopted standard and its meaning for each applicable proceeding]. Possible student sanctions identified in the College's existing policy include verbal warning/reprimand, probation, suspension, and dismissal. [Confirm the exhaustive authorized student and employee sanction lists, including employee sanctions.] Protective measures are described in Section 10. Where a hearing or other proceeding is required:

1. The accuser, accused, and appropriate officials will be given timely and equal access to any information that will be used during the informal or formal disciplinary hearings.
2. Both parties may have an advisor of their choice present at related meetings and proceedings. Any participation restrictions apply equally to both parties. Advisor participation follows the applicable adopted procedure, including any required advisor-conducted questioning in Title IX hearings. A general restriction on an advisor speaking does not override applicable Title IX requirements.
3. Both parties receive appropriate notice of witnesses and equal opportunities to present relevant evidence and questions under the applicable procedure. Questioning is conducted using the method required by that procedure; this statement does not authorize direct personal cross-examination where the governing procedure requires advisor-conducted questioning.

F. Both parties are simultaneously informed in writing of the result, the rationale and applicable sanctions, the available appeal procedures, any change to the result, and when the result becomes final. An appeal is submitted in writing to the school-appointed representative or Campus President and reviewed by an impartial panel or reviewer under the applicable adopted policy. [Insert the actual appeal deadline, permitted grounds, reviewer selection, and decision timeframe.] Both parties receive equal procedural opportunities and simultaneous written notice of the appeal result.

G. Proceedings are prompt, fair, and impartial. The existing general conduct process targets resolution within 14 business days of the initial complaint, subject to good-cause extensions. Applicable Title IX procedures and required evidence-review, hearing, and appeal periods control Title IX cases. When a good-cause extension is necessary, both parties receive written notice of the delay and its reason. [Confirm current general conduct and Title IX timeframes before publication.]

H. The College protects records under applicable privacy law while providing required result notifications. Parties are not required to agree to keep the notification of results confidential as a condition of receiving it. For crimes of violence and nonforcible sex offenses, the College provides required disclosures of disciplinary results to alleged victims and, where required if the alleged victim is deceased, next of kin.

I. A person may request reasonably available accommodations or protective measures from the Campus President or designated administrator. Police involvement or a formal disciplinary complaint is not required to request assistance. The College maintains confidentiality of these measures to the extent that confidentiality does not impair implementation.

12. POLICY ON THE INSTITUTION'S EMERGENCY RESPONSE AND EVACUATION PROCEDURES AND TIMELY WARNINGS

When a significant emergency or dangerous situation is confirmed to involve an immediate threat to the health or safety of students or employees on campus, the College initiates emergency notification without delay. Examples include fire, severe weather, gas leaks, dangerous building conditions, or an active threat. Available communication methods include College email, text messaging where available, telephone communication, and building audio/visual alarms.

Campus management confirms the emergency using reliable information from emergency responders, building management, direct observation, or official warning systems. The Campus President or responsible designee determines the message, the appropriate segment or segments of the campus community, and the available delivery methods. Notification is delayed only when responsible authorities professionally determine that it would compromise efforts to assist a victim or contain, respond to, or otherwise mitigate the emergency.

Campus management includes the Campus President, Director of Financial Aid, Director of Admissions, Director of Education or Lead Instructor, and designated Career Services personnel. The Campus President or responsible designee initiates notification and coordinates updates and broader community information through available public communication channels. [Confirm backup notification authority and the actual public communication method.]

Timely warnings concern reported Clery crimes posing a serious or continuing threat and follow Section 1.A. Emergency notifications concern confirmed immediate threats on campus. When an emergency notification is issued for a situation, a separate timely warning about the same circumstances is not required, but adequate follow-up information is provided. The emergency-notification exception is not a general basis to withhold a timely warning because an investigation remains open.

During an evacuation, follow posted routes and official instructions, proceed to the designated assembly area, and do not reenter until authorized. Shelter-in-place instructions are used when evacuation is unsafe. [Insert the campus assembly point, shelter locations, accessible evacuation arrangements, and how students and employees update emergency contact information.]

The institution will conduct regular testing of the emergency response and evacuation procedures on at least an annual basis. The test procedure shall:

- A. Be announced or unannounced
- B. Be conducted at least annually
- C. Include publicized emergency and evacuation procedure information
- D. Be documented to include information on the type of exercise conducted, the date and time of the exercise, and whether or not the test was announced or unannounced.

13. MISSING STUDENT NOTIFICATION POLICIES AND PROCEDURES

Maestro College does not provide any on-campus student housing facilities and therefore is not required to publish any policies regarding missing student notification procedures required of institutions that provide on-campus housing.

14. CRIME LOG

Maestro College does not employ campus police or maintain its own campus security department. The federal daily crime log requirement applies to institutions maintaining a campus police or campus security department. As an institutional practice, campus management maintains the crime log described below for reports within the College's Clery geography. The assignment of administrative safety responsibilities alone does not create a police or security department. The log is separate from the annual statistical report.

A. The Crime Log must:

- 1. Include the nature, date, time, and general location of each crime;
- 2. Include the disposition of the complaint, if known;
- 3. Be logged within 2 business days of the reported crime;
- 4. Be available for public inspection during normal business hours and contain information for activities logged within the most recent 60-day period.
- 5. Be made available for public inspection within 2 business days, any portion of the log older than 60 days.

B. Maestro College may withhold required information under this section if there is clear and convincing evidence that the release of the information would:

- 1. Jeopardize an ongoing criminal investigation or the safety of an individual;
- 2. Cause a suspect to flee or evade detection; or
- 3. Result in the destruction of evidence.

Withholding of information under these circumstances only applies to that information that would cause these adverse effects. Once it is determined that withheld information no longer poses any adverse effect, it must be disclosed.

15. POLICY REGARDING HAZING REPORTING INVESTIGATION PREVENTION AND TRANSPARENCY

A. Prohibition and definition

Maestro College prohibits hazing. The proposed institutional definition follows the federal definition summarized in this report, including conduct that creates physical or psychological injury risk in connection with student organization initiation, affiliation, or membership, regardless of willingness to participate. Examples include abusive physical acts, coerced consumption or sexual acts, dangerous confinement or deprivation, threats of bodily harm, and compelled unlawful conduct. [Confirm adoption of the institutional hazing policy and any additional institutional definition.]

B. Reporting and investigation

Suspected hazing may be reported to the Campus President or another designated campus security authority. Call 911 for immediate danger. The College accepts third-party and anonymous reports and prohibits retaliation. Campus management assesses immediate safety, preserves available information, determines the applicable procedure, and assigns an impartial investigator. The parties receive notice and response opportunities under the adopted procedure. Findings, sanctions, and appeals follow that procedure; cases involving sexual misconduct also receive Title IX assessment. [Identify the adopted hazing evidence standard, sanctions, investigation timeframe, and appeal procedure.]

C. Applicable law and prevention

Federal requirements are established by the Stop Campus Hazing Act. Relevant Texas provisions include Education Code Chapter 37, Subchapter F, and §51.936. [Insert verified current information about the applicable Texas hazing definition, individual and organizational offenses, reporting provisions, immunity where applicable, and any applicable local or tribal requirements.]

The College's hazing prevention policy addresses research-informed campus-wide programs designed to reach students, faculty, and staff. Content includes reporting and investigation, applicable law, safe bystander intervention, ethical leadership, and strategies for group cohesion without hazing. [Identify the programs actually implemented, their research basis, audiences, delivery methods, and frequency.]

D. Statistics and Campus Hazing Transparency Report

Hazing statistics collection begins with calendar year 2025. The 2026 annual report includes qualifying 2025 hazing incidents reported to campus security authorities or local police within applicable Clery geography. Incidents are counted using federal incident-based rules; a responsibility finding is not required for statistical reporting. The 2023 and 2024 hazing periods are identified as not required under the phase-in rather than assumed to be zero.

The separate Campus Hazing Transparency Report addresses findings that College-established or recognized student organizations violated institutional hazing standards. Applicable information collection began July 1, 2025, and the initial public posting deadline was December 23, 2025, subject to the statutory exception where there has been no qualifying finding. The report identifies the organization, a general description, alcohol or drug involvement, findings and sanctions, and the dates of the incident, investigation initiation, finding, and notification to the organization. It excludes individual student identifying information.

Required updates are made at least twice annually when qualifying findings require an update, and published updates remain available for five calendar years. Federal law does not require development of the report until a qualifying finding exists or an update for a period without a finding. The transparency report is distinct from the geographic scope of annual crime statistics.

16. ANNUAL CRIME STATISTICS

The Annual Crime Statistics Supplement provides the Dallas main campus statistics for calendar years 2023, 2024, and 2025. Each calendar year runs from January 1 through December 31. Tables separately identify reportable geographic categories and criminal offenses, hate crimes and bias, VAWA offenses, applicable arrests and disciplinary referrals, unfounded crimes, and 2025 hazing statistics. Only verified reportable incidents are included. Nearby private-property incidents and police charge records are not automatically counted as public-property crimes or arrests. Prior-year corrections receive the required explanation. The verified statistics supplement must accompany this narrative to constitute the complete annual security report.

3. Have you combined statistics that you received from the local or state police with your institution statistics for this report? If you answer No to this question, you will be asked to provide the data you received from the local and state police separately.

- ☒ **Yes.** Local and/or state law enforcement agencies provided us with statistics that we are combining with statistics collected by our campus security authorities.
- ☐ **No.** We are not combining the statistics because we cannot determine whether the statistics we obtained from local and/or state law enforcement agencies are for on-campus incidents or public property incidents.
- ☐ **Not available.** We cannot determine if the statistics we obtained from local and/or state law enforcement agencies are for our Clery geography.
- ☐ **Not available.** We made a good-faith effort to obtain statistics from local and/or state law enforcement agencies, but the agencies did not comply with our request.
